Standard equipment;

The Drymer-Sinner Hilgo characterizes itself by the sharp lines, designed bearing the latest developments in Aerodynamic knowledge. The Hilgo has open wheel boxes, and a single-sided suspension on all wheels. This will not only make a tire-change easier, but will also decrease the turning circle.

The unique gearing system developed by Drymer and Sinner defines the new Hilgo.

- Two front chainrings; 34 – 50T; 150mm SD-crank standard
 - o Shorter cranks are possible
- Shimano 105 11-Speed front derailer
- 11-speed chain KMC
- Sunrace 11-speed 11-40T cassette
- Shifting system developed by Drymer - Sinner;
 - o Super light shifting
 - o Super-fast shifting
 - o Intuitive handling
 - o Wide gear range
 - o Drop-in mid-drive axle
 - o Optimal chain tension in every gear
 - o Robust
- Sturmey-Archer 70mm drum brakes
- Front light; Busch+ Müller IXON-X E 150LUX mounted in the nose.
- Interior LED light
- 1 PC. Battery 12V
- Tires; Rear maximum 55-406; Front maximum 44-406
- Suspension; McPherson front struts, rear Hilgo shock absorber. (maintenance free)
- Self supporting, removable seat (glass fiber)
- Cateye Enduro 8
